

THE WiFi PROJECT

need WiFi?

The WiFi Project is an initiative of the state of Indiana with the goal of helping to find residents and business owners who need internet access and connecting them to providers and resources who may have a part in making it happen!

do you need to level up your speed?

How is your connectivity? Do you need to level up your speed? Level up your e-learning. Level up your business. Level up your online gaming. Level up your at-home doctor visits. Level up your movie night. Level up your ecommerce. Level up your degree. Level up your **CONNECTION!**

faq

Q) WHAT IS THE WIFI PROJECT?

A) The WiFi Project wants to help connect Indiana residents and business owners, like YOU, to reliable high-speed internet!

Q) HOW DOES THIS PROCESS WORK?

A) The WiFi Project will target unserved and underserved areas. Do you have no access to internet? Is your internet inadequate? If you answered "YES" to either of those questions, we want to know! Enter your information into the online portal by visiting www.thewifiproject.com.

Q) HOW DO I KNOW IF I'M ELIGIBLE?

A) Let's answer your question with a couple more questions! Are you an Indiana resident or business owner? Do you lack access to internet or have connection speeds less than 25 Mbps download and 3Mbps upload? If you answered "YES" to both of these questions, then you may be eligible!

Q) HOW DO I KNOW WHAT MY CURRENT CONNECTION SPEED IS?

A) We have a great resource to test your speed! Simply visit www.infarmbureau.org! Run this speed test several times at different times throughout the day for your most accurate results.

Q) WHAT HAPPENS ONCE I'VE SUBMITTED MY INFORMATION?

A) Every 90 days, we tell Internet Service Providers that you need access! Providers will have the opportunity to review the addresses and submit bids to the state on the cost of extending a line of service to these locations. Then, the state reviews those bids and awards funding to the chosen provider(s) so that they can work towards getting access to your area. Please note that inputting your location and information into the Next Level Connections portal does not guarantee extension of service.

Q) HOW DO I SUBMIT MY INFORMATION?

A) You can submit your address and information through www.thewifiproject.com, or by phone at 833- 639-8522 or by mail to the following address:

Indiana Broadband Connect Center
Office of Community and Rural Affairs
1 N. Capitol Ave., Suite 600
Indianapolis, IN 46204

Q) IF I SUBMIT MY INFORMATION, WILL I AUTOMATICALLY RECEIVE SERVICES?

A) There are many factors and eligibility requirements to determine qualification for the program. The first step is filling out the form, and afterwards, the Next Level Connections team will verify eligibility and determine next steps!
